

The Shelby City School District, in partnership with the Shelby Police Department, recently dealt with two separate incidents where students made alleged threats. Both incidents were immediately investigated by the high school administration and the police department; individuals involved were dealt with in an appropriate manner by the proper authorities.

The safety of our students and staff is the highest priority of the Shelby City School District and the Shelby Police Department. We are also aware that rumors are still circulating throughout our schools and community and we are actively working to dispel such rumors; if you have questions or concerns please contact the school district at your convenience.
