

As the school year comes to a close, I want to thank the community of Shelby for the tremendous support and assistance throughout this school year; particularly over the past three months. In spite of all of the challenges we faced this school year, our students and staff continued to work earnestly to make this school year successful.

As the Shelby City School District begins to make preparations for the 2020-2021 school year, please know that the entire staff is working diligently to ensure that students and staff will be safe, while still providing excellent educational opportunities for all of our students. To that end, the district is conducting a survey beginning on Wednesday, May 20th; the survey will be open through Tuesday, May 26th. By completing the survey you will help provide important information that will be considered for the upcoming school year. Please, complete only one survey per household.

Again, I recognize that this school year has run the gamut of emotions for our students, staff and families; thank you so much for your continued support and for helping our district to persevere. As we make plans for August, I am looking forward to getting our students and staff back together in a safe setting and to have a fantastic 2020-2021 school year. In the meantime, please have a safe and enjoyable summer.

Stay safe, stay strong; go Whippets!

Tim Tarvin
Superintendent, Shelby City Schools
